

VISA INFORMATION

South African citizens do not need a visa to enter Namibia. However, you should be in possession of a valid passport that expires later than six months after your visit.

Other nationals should make sure whether they are in need of a visa. Please consult the following website of Namibia's Foreign Ministry:

<http://www.mfa.gov.na/frames/visasframe.htm>

Should you need an invitation letter to be submitted together with your visa application, please contact Gerald West (an OTSSA Executive member responsible for this aspect) at Gerald.West@ukzn.ac.za. (This also, and especially, applies to foreign students studying in South Africa at the moment with a valid South African study permit. Gerald West will assist you on the requirements for visa application.)
